

# Spring Pupdate

Guide  
Dogs  
WA

Name

*Jaxx*

2016

Jaxx remains somewhat aloof and slow-moving — rather like a member of the royal family! Perhaps he has blue blood?

He is working on willingness and motivation and is already confident in most environments, where he settles easily.

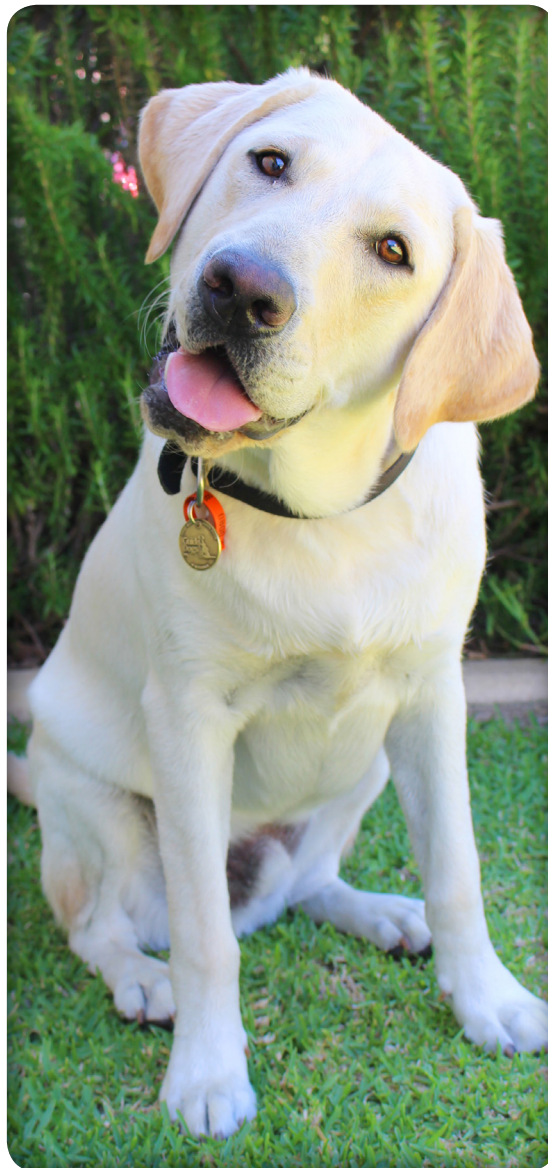

Dog distraction is a bit of a problem for Jaxx. You're not alone there, Jaxx! It's one of the hardest things for a Guide Dog Puppy to master.

He is doing well on all forms of public transport, has good understanding of commands and can walk nicely on lead.

Jaxx need to improve his response to and awareness of his handler.

We know you'll get there, Jaxx!

Many thanks to Think Fragile X Foundation for your much appreciated support of Jaxx and our Guide Dog program.

International Guide Dog Day is on Wednesday 26 April and we NEED you! If you're interested in getting involved in our street appeal, have a group of friends or colleagues keen to help, or are excited to host a stall, we want to hear from you!
